

Version Comparison

Key Features	Allclear Orgcharter	Allclear Flowcharter	Allclear Analyzer
1. Create Organization charts and other tree structures	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
2. Create multi-layered diagrams with drill-down function	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
3. Create diagrams by typing steps into the Editor while Allclear automatically generates the chart.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
4. Use punctuation as you list the steps to specify the flow, e.g. a line ending with "\" becomes a tree structure. (more options available in Flowcharter and Analyzer versions)	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
5. Use automatic layout options for box alignment, box connections and multi-layered layouts.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
6. Use box numbering including Work Breakdown Structure (WBS).	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
7. Drag and drop boxes for easy revisions. Add notes, data and attachments to boxes.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
8. Launch other applications, charts or web addresses from each box.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
9. Export your charts to HTML and publish it on your intranet or the web.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
10. Print diagram, editor, data or box information.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
11. Distribute Allclear files through the free CLEAR viewer.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
12. Import MS Excel, dBase DBF, ASCII text, windows metafiles, enhanced metafiles and clipart.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
13. Export HTML, XML, MS Excel, ASCII Text, Windows metafiles, enhanced metafiles, PNG (web compatible), JPEG (web compatible), BMP (windows bitmap), GIF files, Tagged Image Files (TIFF).	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
14. Help, online video help, online context sensitive help.	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
15. Spellchecker		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
16. Use data structure templates to quickly setup the analysis of your processes.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
17. Use the ODBC wizard to access existing process data.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
18. Locking selected boxes into a set position		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

19.	Create flowcharts, process maps, relationship charts, decision trees and more.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
20.	Create deployment charts and Swimlanes.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
21.	Integration with OLE Server/Client 2.0, OLE Automation methods.		<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
22.	Print any calculated path, graph, worksheet for your diagram.			<input checked="" type="checkbox"/>
23.	Automatically calculate all possible paths.			<input checked="" type="checkbox"/>
24.	Automatically highlight optimal and critical paths.			<input checked="" type="checkbox"/>
25.	Identify the most likely path your process will take given the probabilities you enter.			<input checked="" type="checkbox"/>
26.	Combine different paths and analyze them together.			<input checked="" type="checkbox"/>
27.	Analyze paths using multiple start and end boxes.			<input checked="" type="checkbox"/>
28.	Automatically keep a history of all your analyses for easy reference.			<input checked="" type="checkbox"/>
29.	Use the 'Work' spreadsheet for scratch computations without having to leave Allclear to use a separate spreadsheet program.			<input checked="" type="checkbox"/>
30.	Keep track of your analysis, simulation and manual paths separately.			<input checked="" type="checkbox"/>
31.	Record multiple scenarios for comparison.			<input checked="" type="checkbox"/>
32.	Use deterministic simulation.			<input checked="" type="checkbox"/>
33.	Use probabilistic simulation using the Monte Carlo method.			<input checked="" type="checkbox"/>
34.	Plot bar, line, area, step, combination, horizontal bar, pie, XY (scatter), radar, polar, bubble, hi-lo, 2 or 3 dimensional graphs of your analysis results.			<input checked="" type="checkbox"/>
35.	Use animation and playback paths.			<input checked="" type="checkbox"/>
